## READING READINESS

### 1. Identifies upper and lower case letters.

Trimester	1	2	3	4
1st	Student recognizes 19 or below.	Student recognizes 20 to 37.	Student recognizes 38 to 39.	Student recognizes 52+ letters.
2nd	Student recognizes 25 or below.	Student recognizes 26 to 39.	Student recognizes 40 to 53.	Student recognizes 54 letters.
3rd	Student recognizes 39 or below.	Student recognizes 40 to 53.	Student recognizes 54 letters.	(If student meets benchmark with a 4 in trimester 2, student receives a S/M standard met in the 3rd trimester)

<b>2. Identifies letter sounds.</b>				
Trimester	1	2	3	4
1st	Student produces 6 or below.	Student produces 7 to 11.	Student produces 12 to 21.	Student produces 22+ sounds.
2nd	Student produces 9 or below.	Student produces 10 to 19.	Student produces 20 to 25.	Student produces 26+ sounds.
3rd	Student produces 19 or below.	Student produces 20 to 25.	Student produces 26 sounds.	S/M
<b>3. Distinguishes beginning sounds in words.</b>				
Trimester	1	2	3	4
2nd	Student is unable to distinguish beginning sounds that have been presented.	Student can distinguish some beginning sounds that have been presented.	Student consistently distinguishes beginning sounds that have been presented.	Student consistently distinguishes all beginning sounds and can produce a word for each.
3rd	Student is unable to distinguish beginning sounds or produce a word for each.	Student can distinguish some beginning sounds and produce some words.	Student consistently distinguishes all beginning sounds and can produce a word for each.	S/M
<b>4. Distinguishes ending sounds in words.</b>				
Trimester	1	2	3	4
2nd	Student is not able or rarely distinguishes ending sounds that have been presented.	Student sometimes distinguishes ending sounds that have been presented.	Student usually distinguishes ending sounds that have been presented.	Student consistently distinguishes all ending sounds.
3rd	Student sometimes distinguishes ending sounds that have been presented.	Student usually distinguishes ending sounds that have been presented.	Student consistently distinguishes all ending sounds.	S/M
<b>5. Recognizes and produces rhyming words.</b>				
Trimester	1	2	3	4

# Paramus Public School District

<b>2nd</b>	Student is unable to recognize and produce rhyming words.	Student sometimes recognizes and produces rhyming words.	Student consistently recognizes and produces single syllable rhyming words.	Student consistently recognizes and produces rhyming words (both single and multisyllabic words).
<b>3rd</b>	Student is unable to recognize and produce rhyming words.	Student sometimes recognizes and produces rhyming words some of the time.	Student consistently recognizes and produces rhyming words (both single and multisyllabic words).	S/M

## 6. Recognizes grade-level sight words.

Trimester	1	2	3	4
<b>2nd</b>	Student recognizes 20 or fewer sight words.	Student recognizes 21 to 35 sight words.	Student recognizes 36 to 49 sight words.	Student recognizes 50 or more sight words.
<b>3rd</b>	Student recognizes 40 or fewer sight words.	Student recognizes at least 41 to 60 sight words.	Student recognizes 61 to 92 sight words.	Student recognizes 93 or more sight words.

*Grade level sight words are based upon using the Dolch Pre-Primer and Primer Sight Vocabulary List.*

## 7. Independent reading level.

Trimester	1	2	3	4
<b>2nd</b>	Student is unable or rarely able to demonstrate reading behaviors.	Student has achieved reading success at Level A.	Student has achieved reading success at Level B.	Student has achieved reading success at Level C or above.
<b>3rd</b>	Student has achieved reading success at Level A.	Student has achieved reading success at Level B.	Student has achieved reading success at Level C or D.	Student has achieved reading success at Level E or above.

*Reading level as indicated on the Teachers College Reading Level Benchmarks for the Independent Reading Level Assessment (IRLA).*

## 8. Demonstrates comprehension of a story read aloud.

Trimester	1	2	3	4
<b>2nd</b>	Student is unable to retell a story, even with prompting.	Student is unable to recall events of a story in proper sequence.	Student is able to retell a story in proper sequence, using characters and setting.	Student is able to retell a story in proper sequence using characters and setting. Student expands on

				their retell by using at least one of the following: transition words, character dialogue, character feelings, connections, inferencing.
3rd	Student is unable to recall events of a story in proper sequence.	Student is able to retell a story in proper sequence, using characters and setting.	Student is able to retell a story in proper sequence using characters and setting. Student expands on their retell by using at least one of the following: transition words, character dialogue, character feelings, connections, inferencing.	S/M

**9. Uses print strategies to read unknown words.**

Trimester	1	2	3	4
2nd	Student is unable to use any print strategies to read unknown words.	Student frequently uses some print strategies to read unknown words.	Student consistently uses most print strategies to read unknown words.	Student consistently employs all print strategies to read unknown words.
3rd	Student uses some print strategies to read unknown words.	Student consistently uses most print strategies to read unknown words.	Student consistently employs all print strategies to read unknown words.	Student consistently employs all print strategies to read unknown words and can explain which strategy he/she used.

*This benchmark should align with the IRLA benchmark.*

**10. Demonstrates an understanding of the concepts of print.**

Trimester	1	2	3	4
1st	Student receives fewer than 4 points on Concepts of Print Assessment.	Student receives 5 to 9 points on Concepts of Print Assessment.	Student receives 10 points on Concepts of Print Assessment.	Student receives 11 or more points on Concepts of Print Assessment.
2nd	Student receives fewer than 9 points on Concepts of Print Assessment.	Student receives 10 to 11 points on Concepts of Print Assessment.	Student receives 12 points on Concepts of Print Assessment.	Student receives 13 points on Concepts of Print Assessment.

3rd	Student receives fewer than 11 points on Concepts of Print Assessment.	Student receives 12 points on Concepts of Print Assessment.	Student receives 13 points on Concepts of Print Assessment.	S/M
-----	--	---	---	-----

## WRITING

### 1. Uses pictures, letters, and strings of letters to express ideas.

Trimester	1	2	3	4
1st	Student does not draw pictures or dictate to express ideas.	Student draws pictures and dictates to express ideas some of the time.	Student draws pictures and dictates to express ideas most of the time.	Student consistently draws pictures and dictates to express ideas.
2nd	Student draws pictures and dictates to express ideas some of the time.	Student draws pictures and dictates to express ideas most of the time.	Student draws pictures, dictates, and uses "writing" (beginning/ending sounds, labeling).	Student consistently draws pictures and uses "writing" (decodable words, high-frequency words, with spacing).
3rd	Student draws pictures and dictates to express ideas most of the time.	Student draws pictures, dictates, and uses "writing" (beginning/ending sounds, labeling).	Student draws pictures, dictates, and uses "writing" (decodable words, high-frequency words, to express ideas in a sentence) most of the time.	Student consistently draws pictures and "writes," using more than one sentence to elaborate on ideas.

### 2. Applies conventions of grammar and usage.

Trimester	1	2	3	4
2nd	Student does not demonstrate understanding of key concepts of grammar, usage, and mechanics.	Student is beginning to demonstrate understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> </ul>	Student demonstrates understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> </ul>	Student consistently demonstrates understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> </ul>

# Paramus Public School District

<b>3rd</b>	Student does not demonstrate understanding of key concepts of grammar, usage, and mechanics.	Student is beginning to demonstrate understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> <li>• Capitalizing the first word in a sentence.</li> </ul>	Student demonstrates understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> <li>• Capitalizing the first word in a sentence.</li> <li>• Using ending punctuation.</li> </ul>	Student consistently demonstrates understanding of key concepts of grammar, usage, and mechanics, including: <ul style="list-style-type: none"> <li>• Capitalizing the first letter of his/her name.</li> <li>• Capitalizing the pronoun "I."</li> <li>• Capitalizing the first word in a sentence.</li> <li>• Using ending punctuation.</li> </ul>
------------	--	--	--	---

### 3. Spells simple words phonetically using knowledge of sound-letter relationships.

Trimester	1	2	3	4
<b>2nd</b>	Student cannot write a letter or letters for consonant and short vowel sounds.	Student can write a letter or letters for a few consonant and short vowel sounds.	Student can write a letter or letters for most consonant and short vowel sounds.	Student spells simple words phonetically using knowledge of sound-letter relationships.
<b>3rd</b>	Student can write a letter or letters for a few consonant and short vowel sounds.	Student can write a letter or letters for most consonant and short vowel sounds.	Student spells simple words phonetically using knowledge of sound-letter relationships..	Student spells simple words and high-frequency words.

### 4. Organizes ideas into opinion and/or narrative writing.

Trimester	1	2	3	4
<b>2nd</b>	<ul style="list-style-type: none"> <li>• Student's ideas are unrelated.</li> <li>• Organization is not yet evident.</li> <li>• Significant parts or details are not included in oral retell or sketching.</li> <li>• Student does not yet dictate a label for pictures or sketches</li> </ul>	<ul style="list-style-type: none"> <li>• Student demonstrates some organization and order when telling or sketching a narrative or opinion piece.</li> <li>• Student adds a relevant detail.</li> <li>• Student dictates a label that is partially related to the picture.</li> </ul>	<ul style="list-style-type: none"> <li>• Student demonstrates organization when telling and sketching a story and includes parts relevant to the narrative or opinion piece.</li> <li>• Student dictates or uses a label when sketching.</li> <li>• Student includes two relevant details.</li> <li>• Student uses relevant</li> </ul>	Student's telling, sketching, and writing are organized with a beginning, middle, and end for narrative writing and include three or more relevant details for narrative and opinion writing.

# Paramus Public School District

			labels when sketching.	
<b>3rd</b>	<ul style="list-style-type: none"> <li>• Student's ideas are unrelated.</li> <li>• Organization is not yet evident.</li> <li>• Significant parts or details are not included in oral retell or sketching.</li> <li>• Student does not yet dictate a label for pictures or sketches.</li> </ul>	<ul style="list-style-type: none"> <li>• Student demonstrates some organization and order when telling or sketching a narrative or informational piece.</li> <li>• Student adds a relevant detail.</li> <li>• Student dictates a label that is partially related to the picture.</li> </ul>	<ul style="list-style-type: none"> <li>• Student demonstrates organization when telling and sketching a narrative or informational piece and includes parts relevant to the narrative or informational piece.</li> <li>• Student dictates or uses a label when sketching.</li> <li>• Student includes three relevant details.</li> <li>• Student uses relevant labels when sketching.</li> </ul>	Student's telling, sketching, and writing are organized with a beginning, middle, and end in a narrative piece and include four or more relevant details in narrative and informational writing.

## 5. Forms letters correctly.

Trimester	1	2	3	4
<b>1st</b>	Student copies a few letters correctly.	Student copies most letters correctly.	Student copies all letters that have been presented correctly.	Student writes all upper and lower case letters correctly.
<b>2nd</b>	Student copies most letters that have been presented correctly.	Student copies all letters that have been presented correctly.	Student writes most letters correctly.	Student writes all upper and lower case letters correctly and writes his/her own name with capitals and lowercase letters.
<b>3rd</b>	Student writes some letters correctly.	Student writes most letters correctly.	Student writes all upper and lower case letters correctly and writes his/her own name with capitals and lowercase letters.	Student writes all upper and lower case letters correctly and writes his/her own name with capitals.

## LISTENING AND SPEAKING

### 1. Listens to others and takes turns speaking.

Trimester	1	2	3	4
ALL	Student rarely listens to others and rarely takes turns speaking.	Student occasionally listens to others and occasionally takes turns speaking.	Student consistently listens to others and will take turns speaking.	Student consistently listens to others, restates information, and comments in complete sentences with correct verb tense.

### 2. Makes relevant contributions to classroom and group discussions.

Trimester	1	2	3	4
ALL	Student rarely participates in conversations with peers and adults about kindergarten topics and text.	Student occasionally participates in conversations with peers and adults about kindergarten topics and text.	Student consistently participates in conversations with peers and adults about kindergarten topics and text.	Student has achieved grade-level expectations, restates key elements, and asks questions for clarification.

### 3. Asks questions to gain information.

Trimester	1	2	3	4
ALL	Student rarely asks questions to gain information, seek help, or clarify something that is not understood.	Student occasionally asks questions to gain information, seek help, or clarify something that is not understood.	Student consistently asks questions to gain information, seek help, or clarify something that is not understood.	Student consistently confirms understanding of information by asking and answering questions about key details.

## MATH

### 1. Understands and applies mathematical concepts.

Trimester	1	2	3	4
1st	<p><b><u>Sort and Classify:</u></b> Student is unable or rarely able to sort and classify by attributes.</p> <p><b><u>Understanding Length:</u></b> Student is unable to compare the length of objects and the quantities of different sets.</p> <p><b><u>Numbers 0–10:</u></b> Student is unable or rarely able to identify sets with more/fewer and demonstrate that numbers can be represented in different ways.</p> <p><b><u>Comparing Numbers:</u></b> Student is unable or rarely able to demonstrate equivalent sets, and sets that are greater/fewer.</p>	<p><b><u>Sort and Classify:</u></b> Student can consistently sort by one attribute and sometimes by combinations of attributes.</p> <p><b><u>Understanding Length:</u></b> Student can sometimes compare the length of objects and the quantities of different sets.</p> <p><b><u>Numbers 0 – 10:</u></b> Student can sometimes identify sets with more/fewer and demonstrate that numbers can be represented in different ways.</p> <p><b><u>Comparing Numbers:</u></b> Student can sometimes demonstrate equivalent sets, and sets that are greater/fewer.</p>	<p><b><u>Sort and Classify:</u></b> Student can consistently sort and classify by combinations of attributes.</p> <p><b><u>Understanding Length:</u></b> Student can consistently compare the length of objects and the quantities of different sets.</p> <p><b><u>Numbers 0–10:</u></b> Student can consistently identify sets with more/fewer and demonstrate that numbers can be represented in different ways.</p> <p><b><u>Comparing Numbers:</u></b> Student can consistently demonstrate equivalent sets, and sets that are greater/fewer.</p>	<p><b><u>Sort and Classify:</u></b></p> <ul style="list-style-type: none"> <li>• Student can sort and classify by attributes and combinations of attributes.</li> <li>• Student applies concepts independently to other situations.</li> </ul> <p><b><u>Understanding Length:</u></b> Student can consistently compare the length of objects and the quantities of different sets and can extend the comparisons to more than the two objects.</p> <p><b><u>Numbers 0–10:</u></b></p> <ul style="list-style-type: none"> <li>• Student can consistently identify sets with more/fewer and demonstrate that numbers can be represented in different ways.</li> <li>• Student can apply concepts independently to other Situations.</li> </ul> <p><b><u>Comparing Numbers:</u></b></p> <ul style="list-style-type: none"> <li>• Student can consistently demonstrate equivalent sets, and sets that are greater/fewer.</li> </ul>

# Paramus Public School District

				<ul style="list-style-type: none"> <li>• Student extends concept by stating how many more/ fewer there are.</li> </ul>
2nd	<p><b>Geometry:</b></p> <ul style="list-style-type: none"> <li>• Student is unable or rarely able to identify and describe the overall size, shape, and features of familiar 2-D shapes.</li> <li>• Student is unable or rarely able to make 2-D shapes.</li> <li>• Student is unable or rarely able to combine shapes to make 2-D shapes.</li> <li>• Student is unable or rarely able to identify and describe the overall size, shape, and features of familiar 3-D shapes.</li> <li>• Student is unable or rarely able to make 3-D shapes.</li> <li>• Student is unable or rarely able to combine shapes to make 3-D shapes.</li> </ul> <p><b>Comparing Numbers:</b> Student is unable or rarely able to figure out one more or one fewer than a number.</p> <p><b>Measurement:</b> Student is unable or rarely able to recognize, compare, and order objects by length and height.</p>	<p><b>Geometry:</b></p> <ul style="list-style-type: none"> <li>• Student sometimes identify and describe the overall size, shape, and features of familiar 2-D shapes.</li> <li>• Student can sometimes make 2-D shapes.</li> <li>• Student can sometimes combine shapes to make 2-D shapes.</li> <li>• Student can sometimes identify and describe the overall size, shape, and features of familiar 3-D shapes.</li> <li>• Student can sometimes make 3-D shapes.</li> <li>• Student can sometimes combine shapes to make 3-D shapes.</li> </ul> <p><b>Comparing Numbers:</b> Student can sometimes figure out one more or one fewer than a number.</p> <p><b>Position and Location:</b> Student can sometimes understand words that describe relative position.</p> <p><b>Measurement:</b> Student can sometimes recognize, compare, and order objects by length and height.</p>	<p><b>Geometry:</b></p> <ul style="list-style-type: none"> <li>• Student can consistently identify and describe the overall size, shape, and features of familiar 2-D shapes.</li> <li>• Student can consistently make 2-D shapes.</li> <li>• Student can consistently combine shapes to make 2-D shapes.</li> <li>• Student can consistently identify and describe the overall size, shape, and features of familiar 3-D shapes.</li> <li>• Student can consistently make 3-D shapes.</li> <li>• Student can consistently combine shapes to make 3-D shapes.</li> </ul> <p><b>Comparing Numbers:</b> Student can consistently figure out what is one more or one fewer than a number.</p> <p><b>Position and Location:</b> Student can consistently understand words that describe relative position.</p> <p><b>Measurement:</b> Student can consistently recognize, compare, and order objects by length and height.</p>	<p><b>Geometry:</b></p> <ul style="list-style-type: none"> <li>• Student can always and independently identify and describe the overall size, shape and features of familiar 2-D shapes in and across the curriculum.</li> <li>• Student can always and independently make 2-D shapes in and across the curriculum.</li> <li>• Student can always and independently combine shapes to make 2-D shapes.</li> <li>• Student can always and independently identify and describe the overall size, shape, and features of familiar 3-D shapes.</li> <li>• Student can always and independently make 3-D shapes.</li> <li>• Student can always and independently combine shapes to make 3-D shapes.</li> </ul> <p><b>Comparing Numbers:</b> Student can always and independently figure out what is one more or one fewer than a number.</p> <p><b>Position and Location:</b> Student can always and independently understand words that describe relative position.</p> <p><b>Measurement:</b></p> <ul style="list-style-type: none"> <li>• Student can always and</li> </ul>

# Paramus Public School District

				independently recognize, compare, and order objects by length and height.
3rd	<p><b>Counting:</b></p> <ul style="list-style-type: none"> <li>• Student is unable or rarely able to count and count out a set of objects up to 20 objects.</li> <li>• Student is unable or rarely able to rote count by 1s and 10s to 100; when counting by 1s, start from a number other than 1.</li> </ul> <p><b>Decomposing:</b> Student is unable or rarely able to decompose a number into two addends in more than one way.</p> <p><b>Sort and Classify:</b> Student is unable or rarely able to sort and classify by combinations of attributes.</p> <p><b>Using Data:</b> Student is unable or rarely able to use data to represent and solve a real-world problem.</p>	<p><b>Counting:</b></p> <ul style="list-style-type: none"> <li>• Student can sometimes count and count out a set of objects up to 20 objects.</li> <li>• Student can sometimes rote count by 1s and 10s to 100; when counting by 1s, start from a number other than 1.</li> </ul> <p><b>Decomposing:</b> Student can sometimes decompose a number into two addends in more than one way.</p> <p><b>Sort and Classify:</b> Student can sometimes sort and classify by combinations of attributes.</p> <p><b>Using Data:</b> Student can sometimes use data to represent and solve a real-world problem.</p>	<p><b>Counting:</b></p> <ul style="list-style-type: none"> <li>• Student can consistently count and count out a set of objects up to 20 objects.</li> <li>• Student can consistently rote count by 1s and 10s to 100; when counting by 1s, start from a number other than 1.</li> </ul> <p><b>Decomposing:</b> Student can consistently decompose a number into two addends in more than one way.</p> <p><b>Sort and Classify:</b> Student can consistently sort and classify by combinations of attributes.</p> <p><b>Using Data:</b> Student can consistently use data to represent and solve a real-world problem.</p>	<p><b>Counting:</b></p> <ul style="list-style-type: none"> <li>• Student can always and independently count and count out a set of objects up to 20 objects.</li> <li>• Student can always and independently rote count by 1s and 10s to 100; when counting by 1s, start from a number other than 1.</li> </ul> <p><b>Decomposing:</b> Student can always and independently decompose a number into two addends in more than one way.</p> <p><b>Sort and Classify:</b> Student can always and independently sort and classify by combinations of attributes.</p> <p><b>Using Data:</b> Student can always and independently use data to represent and solve a real-world problem.</p>

## 2. Demonstrates understanding of whole number concepts (counting, writing).

Trimester	1	2	3	4
1st	<ul style="list-style-type: none"> <li>• Student is unable or rarely able to count sets from 0 to 10.</li> <li>• Student is unable or rarely able to identify and write numerals from 0 to 10.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can sometimes count sets from 0 to 10.</li> <li>• Student can sometimes identify and write numerals from 0 to 10.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can consistently count sets from 0 to 10.</li> <li>• Student can consistently identify and write numerals from 0 to 10.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can consistently count sets greater than 10.</li> <li>• Student can consistently identify and write numerals greater than 10.</li> </ul>

# Paramus Public School District

<b>2nd</b>	<ul style="list-style-type: none"> <li>• Student is unable or rarely able to count sets through 15.</li> <li>• Student is unable or rarely able to identify and write numerals from 0 to 15.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can sometimes count sets through 15.</li> <li>• Student can sometimes identify and write numerals from 0 to 15.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can consistently count sets through 15.</li> <li>• Student can consistently identify and write numerals from 0 to 15.</li> </ul>	<ul style="list-style-type: none"> <li>• Student can consistently count sets greater than 15.</li> <li>• Student can consistently identify and write numerals greater than 15.</li> </ul>
<b>3rd</b>	Student is unable or rarely able to identify and produce/write numerals to 100.	Student can sometimes identify and produce/write numerals to 100.	Student can consistently identify and produce/write numerals to 100.	Student can consistently identify and produce/write numerals beyond 100.

### 3. Uses a variety of strategies to solve problems.

Trimester	1	2	3	4
<b>ALL</b>	Student is unable to use strategies to solve problems pertaining to trimester topics.	<ul style="list-style-type: none"> <li>• Student sometimes uses a variety of strategies to solve problems pertaining to trimester topics.</li> <li>• Student sometimes uses appropriate math language and clearly explains reasoning when solving problems.</li> </ul>	<ul style="list-style-type: none"> <li>• Student consistently uses a variety of strategies to solve problems related to trimester topics (e.g. uses manipulatives, draws sketches, makes organized lists, uses mental math).</li> <li>• Student consistently uses appropriate math language and clearly explains reasoning when solving problems.</li> </ul>	<ul style="list-style-type: none"> <li>• Student consistently uses a variety of strategies to solve problems related to trimester topics (e.g. uses manipulatives, draws sketches, makes organized lists, uses mental math).</li> <li>• Student consistently uses appropriate math language and clearly explains reasoning when solving problems.</li> <li>• Student independently applies knowledge/reasoning to new situations.</li> </ul>

### 4. Understands and solves addition stories.

Trimester	1	2	3	4
<b>3rd</b>	Student is unable or rarely able to represent and add numbers within 5 using manipulatives.	Student can sometimes represent and add numbers within 5 using manipulatives.	Student can consistently represent and solve addition problems within 5 using manipulatives.	Student independently represents and solves addition problems within 5, with and without manipulatives.

### 5. Understands and solves subtraction stories.

# Paramus Public School District

Trimester	1	2	3	4
3rd	Student is unable or rarely able to subtract numbers within 5 using manipulatives.	Student can sometimes subtract numbers within 5 using manipulatives.	Student consistently subtracts numbers within 5 using manipulatives.	Student consistently subtracts numbers within 5 with and without using manipulatives.

## 6. Forms numerals correctly.

Trimester	1	2	3	4
1st	Student is unable or rarely able to copy numerals from 0 to 10.	Student can sometimes copy numerals from 0 to 10.	Student can consistently copy numerals from 0 to 10.	Student can write numerals from 0 to 10 independently with accuracy.
2nd	Student is unable or rarely able to write numerals from 0 to 15.	Student can sometimes write numerals from 0 to 15.	Student can consistently write numerals from 0 to 15 with accuracy.	Student can write numerals up to 30 with accuracy.
3rd	Student is unable or rarely able to write numerals from 0 to 20.	Student can sometimes write numerals from 0 to 20.	Student can consistently write numerals from 0 to 20 with accuracy.	Student can write numerals beyond 20 with accuracy.

## SCIENCE

### Demonstrates understanding of concepts of EARTH SCIENCE: Weather & Energy and the Sun

Trimester	1	2	3	4
1st	<p>Student rarely demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• Specific weather tools help measure and describe weather.</li> <li>• Relationships of temperature and</li> </ul>	<p>Student is beginning to demonstrate understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• Specific weather tools help measure and describe weather.</li> </ul>	<p>Student demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• Specific weather tools help measure and describe weather.</li> <li>• Relationships of temperature and</li> </ul>	<p>Student consistently and independently extends understanding through application.</p>

# Paramus Public School District

	<p>weather.</p> <ul style="list-style-type: none"> <li>• Describe and compare seasons.</li> <li>• How to identify and prepare for severe weather.</li> <li>• Seasonal weather patterns.</li> <li>• Sunlight affects water.</li> <li>• Sunlight affects Earth's surface.</li> <li>• Shade affects temperature.</li> <li>• Shelters protect animals from the warming effects of the sun.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	<ul style="list-style-type: none"> <li>• Relationships of temperature and weather.</li> <li>• Describe and compare seasons.</li> <li>• How to identify and prepare for severe weather.</li> <li>• Seasonal weather patterns.</li> <li>• Sunlight affects water.</li> <li>• Sunlight affects Earth's surface.</li> <li>• Shade affects temperature.</li> <li>• Shelters protect animals from the warming effects of the sun.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	<p>weather.</p> <ul style="list-style-type: none"> <li>• Describe and compare seasons.</li> <li>• How to identify and prepare for severe weather.</li> <li>• Seasonal weather patterns.</li> <li>• Sunlight affects water.</li> <li>• Sunlight affects Earth's surface.</li> <li>• Shade affects temperature.</li> <li>• Shelters protect animals from the warming effects of the sun.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	
--	---	--	---	--

**Demonstrates understanding of concepts of PHYSICAL SCIENCE: Forces and Motion & Protecting Our Earth**

Trimester	1	2	3	4
2nd	<p>Student rarely demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• An object's direction changes with a push or pull.</li> <li>• Weight affects collision.</li> <li>• Force affects collision.</li> <li>• Size affects collision.</li> <li>• Humans impact Earth's systems.</li> <li>• Pollutants affect Earth's surfaces.</li> <li>• Ways humans use natural resources and how resources can be conserved.</li> <li>• Excess waste in our world and ways to reduce waste.</li> <li>• Scientists predict, observe, record, and investigate to learn about their</li> </ul>	<p>Student is beginning to demonstrate understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• An object's direction changes with a push or pull.</li> <li>• Weight affects collision.</li> <li>• Force affects collision.</li> <li>• Size affects collision.</li> <li>• Humans impact Earth's systems.</li> <li>• Pollutants affect Earth's surfaces.</li> <li>• Ways humans use natural resources and how resources can be conserved.</li> <li>• Excess waste in our world and ways to reduce waste.</li> <li>• Scientists predict, observe, record,</li> </ul>	<p>Student demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• An object's direction changes with a push or pull.</li> <li>• Weight affects collision.</li> <li>• Force affects collision.</li> <li>• Size affects collision.</li> <li>• Humans impact Earth's systems.</li> <li>• Pollutants affect Earth's surfaces.</li> <li>• Ways humans use natural resources and how resources can be conserved.</li> <li>• Excess waste in our world and ways to reduce waste.</li> <li>• Scientists predict, observe, record, and investigate to learn about their</li> </ul>	<p>Student consistently and independently extends understanding through application</p>

	natural world.	and investigate to learn about their natural world.	natural world.	
<b>Demonstrates understanding of concepts of LIFE SCIENCE: Plants and Animals &amp; Impacts on Earth Systems</b>				
<b>Trimester</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>
<b>3rd</b>	<p>Student rarely demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <p>Plants need sunlight to grow.</p> <ul style="list-style-type: none"> <li>• Animals eat different things: plants and/or other animals.</li> <li>• Plants live in places that have the things they need.</li> <li>• Certain plants have specific relationships with certain climates.</li> <li>• Animals live in places that have the things they need.</li> <li>• Plants and animals equally contribute within an ecosystem.</li> </ul> <p>Plants change their environment.</p> <ul style="list-style-type: none"> <li>• Animals change their environment.</li> <li>• Humans change their environment.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	<p>Student is beginning to demonstrate understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <p>Plants need sunlight to grow.</p> <ul style="list-style-type: none"> <li>• Animals eat different things: plants and/or other animals.</li> <li>• Plants live in places that have the things they need.</li> <li>• Certain plants have specific relationships with certain climates.</li> <li>• Animals live in places that have the things they need.</li> <li>• Plants and animals equally contribute within an ecosystem.</li> </ul> <p>Plants change their environment.</p> <ul style="list-style-type: none"> <li>• Animals change their environment.</li> <li>• Humans change their environment.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	<p>Student demonstrates understanding of vocabulary, Crosscutting Concepts, Science and Engineering practices, and key concepts including:</p> <ul style="list-style-type: none"> <li>• Plants need sunlight to grow.</li> <li>• Animals eat different things: plants and/or other animals.</li> <li>• Plants live in places that have the things they need.</li> <li>• Certain plants have specific relationships with certain climates.</li> <li>• Animals live in places that have the things they need.</li> <li>• Plants and animals equally contribute within an ecosystem.</li> <li>• Plants change their environment.</li> <li>• Animals change their environment.</li> <li>• Humans change their environment.</li> <li>• Scientists predict, observe, record, and investigate to learn about their natural world.</li> </ul>	<p>Student consistently and independently extends understanding through application</p>

## SOCIAL STUDIES

### Demonstrates understanding of concepts.

#### 1. Unit 1: All About Me

Trimester	1	2	3	4
1st	<p>Student rarely demonstrates understanding of key concepts of ourselves, others, and the communities to which we belong, including:</p> <ul style="list-style-type: none"> <li>• Each person is unique and special.</li> <li>• People are similar and different.</li> <li>• Respecting others.</li> <li>• We belong to several communities, including our family, our classroom, and our school.</li> <li>• Rules and laws help people to be safe and get along.</li> <li>• People have wants and needs.</li> <li>• People have jobs that provide goods and services.</li> <li>• Authority figures at home, at school, and in our neighborhood help to make decisions.</li> <li>• There are consequences for not following rules and laws.</li> </ul>	<p>Student is beginning to demonstrate understanding of key concepts of ourselves, others, and the communities to which we belong, Including:</p> <ul style="list-style-type: none"> <li>• Each person is unique and special.</li> <li>• People are similar and different.</li> <li>• Respecting others.</li> <li>• We belong to several communities, including our family, our classroom, and our school.</li> <li>• Rules and laws help people to be safe and get along.</li> <li>• People have wants and needs.</li> <li>• People have jobs that provide goods and services.</li> <li>• Authority figures at home, at school, and in our neighborhood help to make decisions.</li> <li>• There are consequences for not following rules and laws.</li> </ul>	<p>Student usually demonstrates understanding of key concepts of ourselves, others, and the communities to which we belong, including:</p> <ul style="list-style-type: none"> <li>• Each person is unique and special.</li> <li>• People are similar and different.</li> <li>• Respecting others.</li> <li>• We belong to several communities, including our family, our classroom, and our school.</li> <li>• Rules and laws help people to be safe and get along.</li> <li>• People have wants and needs.</li> <li>• People have jobs that provide goods and services.</li> <li>• Authority figures at home, at school, and in our neighborhood help to make decisions.</li> <li>• There are consequences for not following rules and laws.</li> </ul>	<p>Student meets standards and is able to extend key concepts to real-life experiences.</p>

### Demonstrates understanding of concepts.

#### 2. Unit 2: Families and Diversity

Trimester	1	2	3	4
2nd	<p>Student rarely demonstrates understanding of key concepts of family culture and traditions, including:</p>	<p>Student is beginning to demonstrate understanding of key concepts of family culture and traditions, including:</p>	<p>Student demonstrates understanding of key concepts of family culture and traditions, including:</p>	<p>Student meets standards and is able to extend his/her knowledge to real-life experiences and/or new ideas about cultures.</p>

# Paramus Public School District

	<ul style="list-style-type: none"> <li>• The similarities and differences in cultures and traditions around the world.</li> <li>• The similarities and differences in community, foods, clothing, and holidays.</li> <li>• Diversity and why we should celebrate that diversity.</li> <li>• Diversity makes a community a better place.</li> <li>• Every person has qualities that make him/her unique.</li> <li>• American holidays have a historical significance and are celebrated with different traditions and symbols.</li> </ul>	<ul style="list-style-type: none"> <li>• The similarities and differences in cultures and traditions around the world.</li> <li>• The similarities and differences in community, foods, clothing, and holidays.</li> <li>• Diversity and why we should celebrate that diversity.</li> <li>• Diversity makes a community a better place.</li> <li>• Every person has qualities that make him/her unique.</li> <li>• American holidays have a historical significance and are celebrated with different traditions and symbols.</li> </ul>	<ul style="list-style-type: none"> <li>• The similarities and differences in cultures and traditions around the world.</li> <li>• The similarities and differences in community, foods, clothing, and holidays.</li> <li>• Diversity and why we should celebrate that diversity.</li> <li>• Diversity makes a community a better place.</li> <li>• Every person has qualities that make him/her unique.</li> <li>• American holidays have a historical significance and are celebrated with different traditions and symbols.</li> </ul>
